RE: Written Certification for Document Filing for Remediation of PCB Building Materials,
Estabrook Elementary School, Lexington, Massachusetts.

Dear Ms. Tisa:

In accordance with §761.61 (a)(3)(E), the owner, The Town of Lexington Massachusetts, will maintain a record of filings pertaining to the project involving the removal of PCB-containing building materials prior to demolition of the building at 117 Grove Street, Lexington, Massachusetts. The information to be kept on file will include; sampling plans, sample collection procedures, sample preparation procedures, extraction procedures, and instrumental/chemical analysis procedures used to assess PCB contamination. If alternate methods for chemical extraction and chemical analysis for site characterization are used, an addendum to this certification will be provided to the U.S. Environmental Protection Agency, and shall include a statement that such a method will be used, and that a comparison study which meets or exceeds the requirements of Subpart Q, §761.326, Conducting the comparison study, and for which records are on file, has been completed prior to verification sampling. These filings will be available for EPA inspection and will be kept at the following address below.

Town of Lexington
Facilities Department
201 Bedford Street
Lexington, MA 02420

Sincerely,

Patrick W. Goddard
Director of Public Facilities
